

# Diploma of Leadership & Management

(Domestic enrolments)

Courses » Leadership & Management

## Overview

The Diploma of Leadership & Management equips graduates with a variety of career opportunities. Increasingly, industry employers are demanding individuals who can manage operations and lead teams within dynamic and challenging environments.

This program is suitable for self-motivated people who hold a genuine interest in working in management and leadership capacities and who have or who wish to further develop the skills and knowledge required to provide high quality services in a variety of industry sectors. Industry sectors may include health, community services, banking and finance, education, hospitality, retail and other commercial and community environments.

This is an excellent program for individuals who wish to develop leadership and management skills, and can be used as a pathway into higher level qualifications at the undergraduate degree level.

Program participants at this level display initiative and judgement in planning, organising, implementing and monitoring their own workload and the workload of others. They use communication skills to support individuals and teams to meet organisational or enterprise requirements. They plan, design, apply and evaluate solutions to unpredictable problems, and identify, analyse and synthesise information from a variety of sources.

Graduates enjoy quality employment outcomes or may build onto their Diploma by continuing onto undergraduate university studies at any number of Australian universities.
