Tertiary Access Payment

Helping you relocate
for vocational education
and training (VET)

Did you finish Year 12 in 2020 and need to move from outer-regional or remote Australia to study a VET course? You might be eligible for the \$5000 Tertiary Access Payment (TAP).

About the TAP

The TAP is a one-off payment for eligible school leavers to help with the costs of moving to study. Moving away from home can be expensive, so the TAP aims to help ease those costs.

Am I eligible?

To be eligible for the TAP, you will need to meet some eligibility criteria. Read the full list and find the program guidelines at
